VOLUME XXVIII.

ELBA, ALABAMA, THURSDAY, MARCH 5TH, 1925.

NUMBER 37.

County Agent Will Hold Special Club Rallies Friday and Saturday; Wants 100 Members; Advises Farmers to Get Good Cotton Seed

In addition to several meetings at the schools this week, we will hold three special Club rallies, Friday afternoon and Saturday at the following places and times:

New Brockton School—Friday afternoon.

Elba, Courthouse—Saturday morning, 11:00 o'clock.

Enterprise, Courthouse—Saturday afternoon, 2:30 o'clock.

We specially urge all boys who wish to enroll in any of the club work to be present at these meetings, and we would also be glad for the parents to be present also. It is high time that the Cotton Club members should be busy and we would like 100 boys making a hundred bales on a hundred acres. Last year in one North Alabama county 79 boys made 99 bales on 9 acres, and down have the best people and the best land in Alabama we should make a hundred bales on a hundred acres by a hundred boys. Nothing else will satisfy us. Do you want your boy to be one of this 100? If so, either come to one of these meetings, or send in his name to the County Agent at Enterprise, and we will enlist him as a bona fide Club member and to the United States Department of Agriculture.

PLACE YOUR ORDER NOW FOR THE BEST COTTON SEED FOR PLANTING THIS SPRING.

We are urging all farmers to plant good seed and would like to have every farmer plant a few acres in seed from the highest producing cotton farm in Alabama. See us and make your arrangements in the next few days. No one should plant any cotton seed in Coffee county that is not wilt resistant. And we recommend the Cook variety because it has averaged the highest yield over Alabama for a period of years.

DEATH OF MRS. GILES BRYAN.

A death of much sadness to relatives and friends was that of Mrs. Giles Bryan, which occurred on February 27th, at the home of her daughter, Mrs. J. A. Whitman. Her death was not a surprise to those who knew of her long illness. She was 67 years old and had been in bad health for over a year, but for the last three months had been growing worse.

She was a member of the Primitive Baptist church at Beaver Dam and was loved by all who knew her. The burial took place at Pine Level church on Saturday afternoon, services being conducted by Elder Pinckard.

She is survived by her husband, Mr. Giles Bryan, and the following children: Mr. A. C. Bryan, Mrs. J. A. Whitman, Mrs. A. L. Whitman, Mrs. D. E. Taylor, Mrs. C. L. Bailey, all of Elba. Mrs. Will Sellers, of Lucern Park, Fla., and Mr. Dolse Bryan of Opp, and a large crowd of grand-children.

So let us wait until God's time shall come to send His Son Jesus, back to gather His jewels together, for He is coming without sin unto salvation and will call His jewels from the grave and from the sea, and after they have put on their garments of incorruption and immortality, they will answer the roll call, and at that time we will see our dear mother again, Jesus having brought His spirit with Him to re-enter that precious body after it is resurrected, and then the saying as it is written, shall be brought to pass, "death is swallowed up in victory."

Farewell Mother!

INFORMAL RECEPTION AT THE TEA ROOM.

The Rose Tea Room on the South side of the square is one of the most attractive places in the town, and was recently put in operation by Mrs. J. V. Wright and Miss Luning Ham. Everything in the interior is in the pretty combination of pink and white. The splendid talent of Mrs. Wright and Miss Ham can be plainly seen by the plan of the Tea Room.

Thursday afternoon an informal reception was given from two to six o'clock. Miss Ham and Mrs. Wright, in their usual pleasant manner, welcomed the callers at the door. Miss Lallie Harper presided at the table where the guests registered. In the rear of the room Misses Winnie Dell Byrd, Eva Hammond and Claudine Payne served tea, coffee, sandwiches and pink and white mints from a table which was artistically decorated in the colors which were so beautifully carried out in detail. Mrs. C. P. Lee pinned unique pink and white favors on each guest. Victrola music was an added feature of entertainment. Many men and women called during the exquisite beauty of the Tea room and predicted success for its owners in their undertaking.

Clarence Bailey Pays Penalty For Murder of Convict.

Montgomery, Feb. 27.—Clarence Bailey, convicted of murdering a convict named Culpepper while they were both prisoners at Kilby State Prison, was hanged this morning.

Bailey, in a darkened death cell, within twenty feet of the steel scaffold across the corridor, awaited his doom calmly and with fortitude. "I am ready to die," he said. "Of course I want to live, but we all have to go sometime. I hate to leave the friends who have been so good to me. I am going to be brave and I believe I am a saved man."

The condemned man did not forget the only sweetheart he ever knew, Miss Violet Young, to whom he became engaged while the young woman was incarcerated on a charge of murder. They were to be married as soon as he received a commutation of the death penalty. Miss Young was exonerated of a murder charge during the last term of court.

"Tell her that I love her, and that she is the first and only girl I ever loved," he said. "I shall die loving her, and hoping that I shall meet her in a brighter world."

For the third time Friday the heavy hempen rope was swung through the gallows with a large weight attached in a hangman's knot. The rope was swung twice before but removed when Governor Brandon granted a reprieve to the condemned man.

Only the minister, a physician, deputies and newspaper men were permitted to witness the execution. Bailey's body was buried in Montgomery.

TALLADEGA MAN DIES IN BURNING HOME.

Talladega, Ala., Feb. 23.—The body of C. Lee Stockdale, local postoffice employee, was found burned to a crisp in his burning home early Monday morning. He is believed to have died of heart failure.

Neighbors discovered about 4:30 that the home where Stockdale lived alone was on fire. A hurried search of the house brought them to the bathroom which was locked. The fire was burning more fiercely here than elsewhere, it is said.

This made further search impossible until the fire department arrived.

When the bathroom was broken into, Mr. Stockdale's badly charred body was found in the bathtub, head against a gas water heater. The water had been turned off, but the heater was still burning. The heater was red hot. It was from this fireman said that the blaze started. For a number of years, Mr. Stockdale had suffered from heart trouble. He had recently returned from Hot Springs, Ark., where he went for his health. It is said that he usually took a hot bath when his heart troubled him. It is believed that he died from heart failure and that the fire occurred some time after. Mrs. Stockdale died less than a year ago. Mr. Stockdale is survived by a sister and a brother.

BAPTISTS COLLECT \$58,500,000 IN CASH

Final Report on 75 Million Campaign Issued by General Headquarters.

NEW PROGRAM PROJECTED

Men of Churches Will Assist in Enlisting Membership More Fully—Conferences Planned in States.

Total cash collections on the Baptist 75 Million Campaign, which closed finally in December, amounted to \$58,500,000. It is reported by the general headquarters. This money came from the following states: Alabama, \$2,717,461.62; Arkansas, \$2,319,672.92; District of Columbia, \$275,747.98; Florida, \$1,000,438.30; Georgia, \$5,282,623.24; Illinois, \$677,575.81; Kentucky, \$6,434,159.87; Louisiana, \$1,041,045.52; Maryland, \$759,408.52; Mississippi, \$3,076,655.00; Missouri, \$2,448,661.24; New Mexico, \$708,124.80;

DR. J. T. HENDERSON, Secretary Laymen's Movement

North Carolina, \$5,171,049.83; Oklahoma, \$1,011,222.83; South Carolina, \$4,732,702.22; Tennessee, \$3,861,113.75; Texas, \$8,720,101.50; Virginia, \$6,727,778.80; Home Board special, \$15,240; Foreign Board special, \$85,100; total contributed by foreign churches directly to Campaign \$350,000.

Contributions for the five years represent nearly four times as much as was given in the preceding five years to missions, education and benevolence, the officials of the movement say. The five-year period includes the organization of 1,890 new churches; baptism of 50,543 converts; organization of 513 Sunday schools with a total of 467,831 pupils; an increase of \$52,847,288.00 in the value of local church property and contributions to local church objects; an addition to Campaign funds of \$144,675,556.00.

In the special departments of work fostered by the Campaign the following typical results are noted: 205,000 persons baptized by state mission workers; 225,000 converts baptized by representatives of the Home Mission Board; entrance into 80 new countries and the doubling of forces on the foreign fields by the Foreign Mission Board; putting more than a million into the denominational schools as had been invested there in all the years before the Campaign was launched; increasing the number of Baptist hospitals in the South from 12 to 24 and giving \$10,000,000 in free medical and surgical service to the deserving poor; raising the number of Baptist orphanages from 17 to 41 and caring for 1,000 homeless boys and girls and adding more than 3,000 aged, worn-out preachers and their dependent ones.

With the 75 Million Campaign finished, Southern Baptists have now entered upon the 1925 Program which embraces the support of state, home and foreign missions, Christian education, hospital, orphanage and ministerial relief, on the basis of year by year rather than a five-year subscription. It is hoped to raise this year a minimum of \$15,000,000 among Southern Baptists for these causes or the equivalent of the goal for a single year in the former movement.

It is pointed out that only 37.5 per cent of the members of Baptist churches of the South M. S. campaign, is in the support of the 75 Million Campaign. It is the ideal of the 1925 Program to enlist every member of every church in doing at his own level church service, to every cause, according to his ability, through his church treasury.

With the hope of more fully enlisting the Baptist men of the South in definite Christian service, the new campaign, the Laymen's Missionary Movement of the Southern Baptist Convention, is promoting a series of men's conferences in the majority of the Southern states during March. In this way it is hoped to bring before the men the needs of all religious enterprises, centered by Southern Baptists and having informed them of the work in which they are to take part.

Well, as Sunday was our regular preaching day, Rev. J. W. Bryan preached for us. All enjoyed his sermon very much. Come again brother.

Brother Lovrey was present and will preach every first and third Sunday afternoon at 3:00 o'clock. Everybody invited to come. Brother Dowdle was accompanied by his wife and Mr. and Mrs. G. R. Hicks. We were glad to have them with us. Sunday School is doing fine considering the bad weather and so much sickness. The clouds will soon pass off and then a brighter day will dawn, and there will be a crown for the faithful. So let's all be up and going.

A crop is half made when the land is well prepared and good seed planted. Better prepare a good seedbed.

The jury in the case of A. Scrub Ball, tried in Montgomery, February 25, found "the defendant guilty of all charges preferred against him and sentenced him and his kind to be banished from every farm in Alabama."

The trees in the orchard on the Experiment Station at Auburn have just received a winter spray. By proper spraying, pruning, and cultivation and management this orchard makes a good crop practically every year.

Liberty News

Spring is here again, trees are beginning to bud and violets are blooming, and a cool wave is sweeping over us.

There is a lot of sickness, and it is such a busy time with us, that the attendance at school is very small. It is a pity for the children to be out of school for they have such a short term out here in the sticks. But just "go to it," boys and girls, where there is a will there is a way.

Last Friday night the death angel came and called Mrs. Giles Bryan from this world of affliction to a better world. She had suffered so much, but God worketh all things well. She leaves a large family. We join with the many friends in sympathy with the family over their sad loss.

The many friends of Mr. and Mrs. J. L. Kendrick regret very much that their son, Charley, is quite sick.

Cooperative Orders of Acid

And Muriate Coming In. This week and next will see around 2,000 tons of muriate of potash and acid phosphate and nitrate of soda hauled from cooperative cars at Kinston, Elba, New Brockton and Enterprise. More muriate of potash is being used this year than last year. Experiments have shown that potash pays a bigger dividend per dollar invested under cotton than any other fertilizer material. In fact the potash will pay for all other fertilizer used under cotton and give the benefits of phosphate and soda as a clear profit.
